

COME ON THE BAY

©2007 I Morris, K Willoughby

Sun lights up the morning, another perfect day
Underneath the sunshine and the big sky of the Bay
No matter what we're doing, no matter what we play
Get us all together and we'll say
Yes we'll say...

Come on the Bay, Come on the Bay
Black white - ALL RIGHT!
Come on the Bay
(X 2)

We've got the team together, we're ready for the fight
We'll give it all we've got to give, we know we'll get it right
Living and a-loving and a-growing together, we're one big family
Get us all together and you'll see
Yes you'll see..

Come on the Bay, Come on the Bay
Black white - ALL RIGHT!
Come on the Bay
(X 2)

We're ready for the kickoff, we're ready to run
We're ready for the crack of the starter's gun
We're ready for the whistle, we're ready to score
We're going for goal, we're ready to roar, ready to roar...

Come on the Bay, Come on the Bay
Black white - ALL RIGHT!
Come on the Bay
(X 2)
Black white - ALL RIGHT!
Come on the Bay
(X 2)
